

Statement regarding Health, Safety & Environment

We hereby confirm that Jacobson Elektro work systematically to satisfy the official requirements regarding health, safety and environment. (Internal control regulation, laid down by Royal decree, December 6th 1996, pursuant to Norwegian law of February 4th 1977 no 4, regarding worker's protection and working environment). In addition conduct its business in compliance to SA8000:2008.

Jacobson Elektro shall assist the customer in having an optimized environmental solution through advice and independency. All our activities shall be carried out in a way that does not cause injuries to human life or health, the environment or material damage. We emphasize the importance of our employees' positive attitudes towards order, tidiness and concern for the environment.

We confirm that the company is legally organized in accordance with the prevailing laws and regulations with regards to taxation and working environment, worker's occupational- and social rights.

We accept that our clients, on request, shall have the right to audit the company's operating system ensuring a compliant health, safety and environmental policy.

We confirm that a systematic approach is taken, to comply with the requirements mentioned above.

Lier, September 2013

Geir Gjersdal
